

Watch Your Generosity Multiply and touch the lives of thousands.

Greetings!

As a father of six I feel the economic pressure we're all facing. But we know what every parent knows- you don't just stop giving. The community our children's children inherit is being shaped by what we do right now.

After many years of contributing to national media productions, I was moved five months ago to set aside everything to develop ErieAlityTV.com. I was moved to tell the inspirational stories of people in our community, to capture the amazing beauty beyond what most of us see. My hope was that people would be inspired to even greater heights.

Since then, E-TV has touched thousands.

It quickly became clear that E-TV is ideally suited to help nonprofit organizations. These are folks who live to make a difference in others' lives. We want to help them by capturing their inspirational stories and sharing them with the world.

The Nonprofit Partnership (an outreach of the **Erie Community Foundation**) is matching every dollar contributed to help tell their story. Thus, **your tax-deductible dollar will be multiplied many times over and touch thousands in our community and beyond!**

Please make your tax-deductible contribution to
The Nonprofit Partnership: "The Nonprofit Partnership: ETV Story Project" and mail to:
